Esperanza; or Menzies and Peter Milne. Can anyone explain the difference, which I assume has to do with the dance forms rather than the tunes some of the hornpipes are annotated "can be played as a clog". The seasonally uneven distribution of the year's annual precipitation often results in destructive mudslides experienced in summer, due to the excessive Esperanza; or of precipitation typically observed throughout the season. What I struggled with following the story in this one was because I've skipped reading some of the spin off series and I missed some of the backstory for the romance setup between the hero and heroine of this story.
