It was difficult - impossible, actually - for me to believe they had developed a psychopathology. And since both writer and translator are forever barred from a fully unmediated contact with the unconsciously lived culture of the Other, both seeing it as something external to themselves, though not necessarily negative, their attempts to assimilate cultural elements and national idiosyncrasies can only take place on the terrain of the imaginary, which enables them to crop, select, filter and reshape elements and idiosyncrasies in order to discursively tame the otherness.
